

Only from Nemco!

Open-View Food Merchandiser

When an impulse-sales increase is the order of the day, call on Nemco for a solution that makes your hot foods more outstanding than ever.

Manufactured
In The USA 

Profit Potential You Can See

The Nemco Open-View Merchandiser is specially designed for a clean, sleek look that places every point of emphasis on the one feature that does all the selling—the sizzling product inside.

Because It's All About the Food

Less is more with the Open-View design that includes:

- High-quality tempered glass with no corner posts in the front, for optimum visibility.
- Stylish backlit graphic headers on all three sides.
- Strategically placed interior lighting.
- Clean lines and virtually invisible controls.

And Because the Show Goes On

Merchandising finesse is only the half of it. Nemco maximizes your ROI with a unit that's built to last.

- Stainless-steel construction.
- Black powder coat textured finish.
- Smart mechanical features, like Nemco's exclusive "breakaway" clutch motor (see callouts below).

Graphic headers on all 4 sides with attractive backlighting on the front 3.

All 1/4" tempered glass. No front corner posts.

Available with 3 stationary slanted shelves, or a multi-tiered motorized rotating pretzel-tree or rack system (rotation is continuous, but automatically stops when the door is opened; then, the "breakaway" clutch motor allows the pretzel tree or rack to be manually rotated in either direction to reach the desired product).

Recessed water pan for optional moist heat.

Beefy, brushed stainless-steel 4" legs provide stability and add to the high-end look-feel.

Backside header cover opens to access controls.

Mechanical dial allows for manual temperature control.

Digital temperature display is easy to see from a distance.

Rear View/Control Panel

Recessed door with radiused handle, keeps a clean look.

Suggested Uses:

Nemco's countertop Open-View Merchandiser is a hot sales solution for convenient stores, concession stands, kiosks, clubhouses, snack shops and other high-traffic retail operations. Great for holding and showcasing prebaked pizza and pretzels, as well as pies and other baked goods.
