VERTICAL LED DISPLAY (VLD)

STR • STA • STG

A new option was recently introduced to True's all new Spec Series®. VLD, or Vertical LED Display, is now available as an option on select STR, STA, and STG refrigerators. Made with the same quality materials as the rest of the Spec Series® line, the VLD model is a great way to display wine, beer or any other high-end products. LED lights run the lengths of the doors to provide optimal lighting, which makes product stand out to the eye. True's LED lights are an energy efficient option, providing a superior image without the energy costs of past lighting options. The VLD comes standard with three shelves per section with the option of wine shelves to display multiple bottles of wine.
