Cabinet Construction

- Heavy duty stainless steel countertop with textured laminate, black vinyl exterior. Stainless steel exterior for models EBB48G-SS and EBB59G-SS.
- Galvanized steel interior walls and high quality stainless steel floor.
- 1 3/4" thick high density polyurethane insulation.
- Four pre-installed 5" swivel casters with locks on front set (applies only to model EBB23G).
- Built-in caster thread receptacles for all models.

Refrigeration System

- Side mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing (Blizzard R290 condensing unit is back mounted for model EBB23G).
- Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.
- Full-length air duct system ensures optimal circulation of cold air.
- Time-initiated and temperature-terminated auto defrost cycle for seamless operation.
- Large capacity, corrosion-resistant condenser and evaporator coils.
- Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.
- High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning. Refer to owner's manual for full maintenance instructions.
- Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

Lighting

- Shielded LED bar lighting with on/off switch provides bright, high color illumination at lower heat output.

Doors

- Low emissivity double glass panes reflect UV rays for efficient cooling.
- Black PVC door frames. Matte finish aluminum door frames for models EBB48G-SS and EBB59G-SS.
- Snap-in magnetic door gasket make cleaning and replacement an easy process.
- High strength, die-cast door handles.
- Pre-installed door locks keep your items safe from theft.

Shelving

- Two epoxy coated, steel wire shelves per section.
- Height adjustable stainless steel clips.

Temperature Control

- Multi-function digital controller with easy to read LED display.
- Factory preset temperature, 35°F. Temperature setting range from 33°F to 54°F.
- Audible overheat protection alarm for compressor and condenser coil.

Options

- Additional shelving.
- 3" or 5" swivel casters with locks.
- 3.5" – 6" height-adjustable and interchangeable legs.

Dimensions

Side View (all models except EBB23G)

Side View (EBB23G)

Equipped with 9 ft long NEMA 5-15P plug.

▲ EBB23G

▲ EBB48G(SS)

Air Flow (all models except EBB23G)

Front view of cabinet interior demonstrates air circulation from left to right.
