eikon® e2s

High speed, compact and versatile

With a ground-breaking large cavity (12" x 12") to oven width (14") ratio; UL certified ventless design and a patented cooling system to keep all exterior walls cool-to-touch, the Merrychef eikon® e2s can be placed on a standard counter-top front-of-house. Superior functionality, easy to install, easy to use and best in class energy efficiency guarantees an excellent return on investment for your operation.

The easyTouch® icon-driven touchscreen allows low-skilled staff to produce professional results

with every order whilst minimising training and overcoming any language barriers.

Precision Technology

The finely tuned combination of three heating technologies: convection, tuned impingement and microwave makes the heat level consistent ensuring even, high quality, repeatable results. The Merrychef eikon® e2s is available in standard (1000W) or high (2000W) microwave power, delivering food up to 20x faster than other cooking methods.

- Accessory storage on top of unit
- Cooks up to 20x faster than a conventional oven
- Front-of-house design
- 24.4" / 620mm high
- Air curtain technology provides a constant supply of cool air across the front of the oven
- Operates quietly; 45.3dBA on standby
- 14" / 356mm wide
- Fits on a 25" counter top
- USB memory stick data transfer of up to 1024 cooking profiles
- Easy to use touchscreen icons reduce errors
- Easy to clean, stainless steel cavity with rounded corners and smooth surfaces
- Easy access front-mounted air filter
- 12" x 12" cavity

Available in Classic stainless steel, Trend black or red colour on stainless steel.
