

Carving Stations

CUSTOMIZED SOLUTIONS

- Hatco Carving Stations are designed to deliver proper serving temperatures and extend holding times, while providing unlimited flexibility for each operator's unique foodservice needs
- Ideal for buffets, catering, clubs & bars, restaurants & cafés, and supermarkets & delis

DECORATIVE STYLE

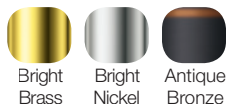

- DCS models provide proper food serving temperatures while creating an attractive and functional carving display
- Patented telescoping heated Decorative Lamp with a 30° shade pivot adjusts easily to accommodate food products and to showcase the items being served
 - ◇ Decorative Lamps and posts available in Plated finishes Bright Nickel, Bright Brass and Antique Bronze
- DCSB models include a foodsafe, thermostatically-controlled heated stone base, which further extends holding times and provides versatility beyond a carving station to hold various hot buffet food items
 - ◇ Heated stone base available in all Swanstone® simulated stone colors to match your décor

GLO-RAY® POWER

- GRCSCL and GRCSCLH models have a pre-focused overhead ceramic heat that bathes the entire surface to provide effective heat distribution, keeping foods at optimum serving temperatures for extended holding times
- Include a sturdy right-hand side sneeze guard, with a left-hand side sneeze guard available
- Shatter-resistant incandescent lights illuminate the holding area while safeguarding foods from bulb breakage
- GRCSLCH models include a heated base, with independent controls that define the temperature settings for the ceramic element of the top heat and the blanket element base heat
