

# Toasters

## CUSTOMIZED SOLUTIONS

- Hatco Toasters provide uniformly colored toast and other bread products every time, no matter the toasting application, while giving unlimited flexibility for each operator's unique foodservice needs
- Ideal for buffets, cafeterias, clubs & bars, convenience stores, restaurants & cafés, and supermarkets & delis

## PROGRAMMABILITY

- ITQ models feature a programmable touchpad that can hold up to twenty (20) product settings
- TQ3 models feature a touchscreen control panel to implement up to twelve (12) programmable product settings and a USB port for easy transfer of product information and software updates

## PRODUCTION EFFICIENCY

- Models available with capacities of 250 to 2000 slices per hour
- Many models feature the patented ColorGuard Sensing System which monitors and adjusts conveyor speed to ensure consistent toast results, even during peak serving periods
- ITQ models are operable in four (4) toasting modes and use Spot-On® Technology, which allows the toaster to sense when a product is placed on the conveyor belt, thus activating the unit
- ITQ and TQ3 models include a Power Save mode to conserve energy

## FRESH APPEARANCE

- Toast-Qwik® Conveyor Toasters have been redesigned with a modernized look, advanced controls and increased production capabilities
- TQ3 models available in Stainless Steel, Designer Warm Red and Designer Black to match your décor

## THE KING OF TOASTERS

- TK models combine fast heat-up, uniform toasting, reliability and dependable performance to toast a variety of bread products
- Include a three (3) basket access for fast loading, while the top venting keeps heat away from the operator
- Feature a power-saving thermostat for energy savings during non-peak serving times

## POP-UP SIMPLICITY

- TPT models evenly toast a variety of bread products with individual progressive color controls
- Have four (4) self-centering 1.25" (32 mm) extra wide slots
- Include a removable crumb tray for easy cleaning and a selector switch between single- and double-sided toasting
