GLASS DOOR BACK BAR COOLER (STAINLESS STEEL)

EBB48G-SS

EBB Series

Refrigeration System

• Side mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.

Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.

- · Full-length air duct ensures optimal cold air circulation.
- Time-initiated and temperature-terminated auto defrost cycle for seamless operation. • Large capacity, corrosion-resistant condenser and evaporator coils.

• Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.

 \cdot High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning.

· Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

Cabinet Construction

- · Heavy duty stainless steel countertop with stainless steel exterior.
- · Open spaced interior with no walls between compartments.
- · Galvanized steel interior walls and high quality stainless steel floor.
- $\cdot 13/4$ " thick high density polyurethane insulation.
- · Built-in caster thread receptacles.

Lighting

 \cdot Shielded LED bar lighting with on/off switch provides bright, high color illumination at lower heat output.

Doors

- \cdot Low emissivity double glass panes reflect UV rays for efficient cooling.
- Matte finish aluminum door frames.
- \cdot Snap-in magnetic door gasket make cleaning and replacement an easy process.
- · High strength, die-cast door handles.
- · Pre-installed door locks keep your items safe from theft.

Shelving

- \cdot Two epoxy coated, steel wire shelves per section.
- · Height adjustable stainless steel clips.

Temperature Control

- · Multi-function digital controller with easy to read LED display.
- · Factory preset temperature, 35°F. Temperature setting range from 33°F to 54°F.
- \cdot Audible overheat protection alarm for compressor and condenser coil.

Options

- · Additional shelving.
- \cdot 3" or 5" swivel casters with locks.
- \cdot 3.5" 6" height-adjustable and interchangeable legs.
