# BACK MOUNT MEGA-TOP SANDWICH PREP. TABLE BACK MOUNTED CONDENSING UNIT

# EPBSR2

# **EPB** Series

## **Refrigeration System**

• Back mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.

· Front air breathing for flexibility in installation.

· Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.

- · Full-length air duct ensures optimal cold air circulation.
- Time-initiated and temperature-terminated auto defrost cycle for seamless operation. • Large capacity, corrosion-resistant condenser and evaporator coils.
- Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.

· High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning.

- · Pressure relief devices allow rapid cabinet re-entry.
- Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

#### **Cabinet Construction**

 Heavy duty stainless steel interior / exterior with rounded corners for a hazard-free workspace.

- · Open spaced interior with no walls between cabinet compartments.
- Vented stainless steel panel between top pan area and cabinet catches food debris.
  16 gauge, high quality stainless steel worktop, lid and hood.
- · Galvanized steel bottom and rear.
- $\cdot$  2.5" thick high density polyurethane insulation.
- Four 5" swivel casters with locks on front set.

#### Doors

- · Heavy duty stainless steel interior / exterior.
- $\cdot$  2.5" thick high density polyurethane insulation.
- · Frame heaters prevent exterior moisture build up.
- $\cdot$  Self-closing with adjustable torsion system for a positive seal.
- · Snap-in magnetic door gasket make cleaning and replacement an easy process.
- $\cdot$  High strength, recessed door handles.

### **Preparation Area**

• Mega-top fits three rows of NSF certified polycarbonate 6" deep pans (see table for size and quantity).

- 1/2" thick, foam insulated lid keeps top pan area cold and prevents moisture build-up.
- $\cdot$  9 1/8" deep cutting board is removable for ease of cleaning.

#### Shelving

- · One epoxy coated, steel wire shelf per section.
- · Height adjustable stainless steel clips.

#### **Temperature Control**

- · Multi-function digital controller with easy to read LED display.
- · Factory preset temperature, 35°F. Temperature setting range from 33°F to 54°F.
- · Audible overheat protection alarm for compressor and condenser coil.

#### Options

- · NSF certified stainless steel double overshelf.
- Additional shelving.
- · 3" swivel casters with locks.
- $\cdot$  3.5" 6" height-adjustable and interchangeable legs.
